The Department of Zoology organized a visit to National Zoological park, on 4th February, 2023 for the students of first year, as per the practical syllabus (S.No. 7) of the paper, Nature and Wildlife Studies, Paper Code: 2234001002. The students were accompanied by Dr Pranav Singh who briefed the students about the purpose and importance of the visit. It provided the students an opportunity to freely explore the wildlife and understand their distribution, migration pattern and habitat. The students also learnt the different prospects of ex-situ conservation of wildlife. After the successful visit all the students submitted the visit reports.

ATEET, the History Association, Department of History, Swami Shradddhanand College organized a one day excursion trip on 1st March 2023. This trip was organized under the supervision of Mr. Ranjan Kumar and Dr. L. B. Swarnkar. About 45 students from history honours and programme courses had participated in this trip. The students were accompanied by Dr. Badnath Awasthe and Dr. Basant Swarnkar (Deputy Superintending Archaeological Survey of India, Delhi). Their presence provided a very different perspective and enabled the students to visualize the history on this ongoing excavation site visit. The trip covered the areas around Purana Qila visiting a number of monuments and sites like Humanyun's private library, Qila-i-kuhna mosque and the archaeological museum.

Report on Excursion trip to Purana Qila

Date: 1st March 2023

Our purana qila excursion was too wonderful and knowledgeable. I saw live excavation first time in life and which is unforgettable. I'm very grateful to our college history department and our teachers for this wonderful trip. we've learnt a lot of things during this excursion which is going to be memorable.

We went on our second excursion trip. it was a great opportunity for us to know and enhance our knowledge. It was great experience to know how it happens. it was a really great experience for us. it's the first time to see how our ASI works and search our historical antiques etc and we get the lecture from archaeology teacher.

It was nice trip and we are thankful for our history department and also want to travel new place for more information and learning something new.

Our last trip was good and memorable where we got to learn and have fun with our friends. I am very thankful to my history department which gave us an opportunity to see and learn physically historical things along with studying theory.

It was a great experience on that trip and we learned many historical things and I hope, in future we visit such places again.

The excursion was really awesome, especially because of my fellow mates. I enjoyed it a lot, the garden was truly beautiful. I learned a great deal about Mughal architecture and medieval Indian history, particularly during the Mughal era. We had loads of fun during the journey. I am eagerly anticipating more trips and excursions from our history department because these excursions help students grasp the relevance of what we're studying and why. It enhances the significance of the subject.

It was a great trip... well organised by Ateet. Got to learn a lot about history from a different insight. I got to know and understand a lot more about history than we usually read in books. It also changed my perspective of reading and understanding history as well.
