

## GREEN INITIATIVES FOR ECO-FRIENDLY CAMPUS

SSN College campus is quite safe and ensures the safety of each student. Entry of any unknown person and vehicle at the main entrance is strictly prohibited. The campus is tobacco free and prohibits such illegal activities strictly by putting signboards within the campus. The campus is green and has beautiful landscaping. The pathways are pedestrian friendly.

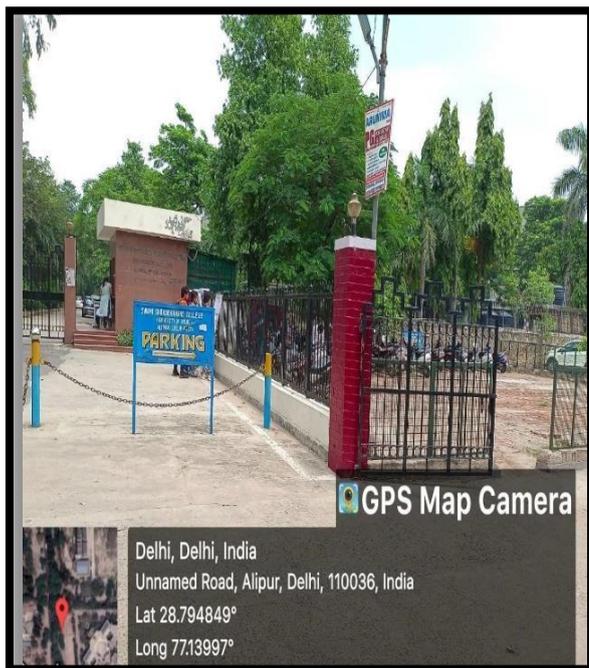

Proper checking of I-Cards is done, and visitors register is maintained at the main gate. There is a separate parking area for students and faculty vehicles. A bank is present within the college campus. The whole building is under electronic surveillance and CCTV cameras are installed at all important places such as the parking area, corridors, library, administrative block, exam branch, bank, reception etc.

The entry of vehicles is strictly prohibited in the campus. Various types of activities like cleanliness and plantation drives, lectures, Quiz, essay writing and poster competitions and important environmental days celebrations, etc are organized in college campus for encouraging the students to maintain the campus eco-friendly and sustainable. The Campus encourages the restriction on use of single use plastics (SUPs) and enhancing use of Stainless Steel, metallic and glass bottles despite disposable items. The NSS of the college perform various activities to promote environmental protection and development such as donation drives, collection drives and awareness drives.

The campus has vast flora and fauna. All types of waste, whether biodegradable and non-biodegradable, are managed properly. The college has a separate area devoted to **Botanical and herbal garden**. In 2020, one acre of land of the campus is devoted for the development of "**Saghan Vann**" (small dense forest).

The college is equipped with an on-grid rooftop "Solar Power Plant" of capacity 50 KW to fulfill the target of renewable solar energy potential under national solar mission. The solar power plant was inaugurated on 24th Nov. 2020, which has reduced the dependency on the power grid and is able to support the electricity requirements of the college. After installation of the solar power plant, the cost of expenditure on electricity bill is reduced by one fourth. The college community is constantly working in preserving the environment and has pledged to maintain the environmental sanctity for future generations.

Security at Main Gate: No parking inside the premises

Parking Area is outside the main premises

CCTV in Parking Area

## SURVEY TP WITH NLSF NGO

27th March 2022

NSS Unit of Swami Sharaddhanand College in collaboration with New life shelter foundation, conducted a survey in khidki Village, Panchsheel vihar, sheikh Sarai, New Delhi. It aimed at finding the number of children who don't have access to education and handing over that data to the NGO so that they can arrange for resources for these children to get education. There were student volunteers along with NSS volunteers. Our unit had two teams that went for the survey. The event was a great success. Volunteers also received certificates at the end.

## 3 DAY PROJECT ON EARTH DAY

22nd - 24th April 2022

NSS unit of Swami shradhanand college organised a three day project on earth day where every morning started with yoga

### Day 1

Students were divided into teams and there was a thirty minute discussion about the materials that can be used to keep home cool using traditional methods. After thirty minutes Representatives from each team presented the report on the stage and handed over their written report to the program officer

In evening there was a plant adoption event where each volunteer adopted a plant to take care of

## KALP TARUH PLANTATION

— 02nd August 2022

Swami Shraddhanand College organised a Tree plantation drive program in collaboration with Kalp Taruh. The NSS Unit of the college made sure that the event is a success by helping the college making arrangements such as Rangoli and seating arrangements for the guests of honor. The event started with the inspirational speech by the Principal followed by the guest of honor. The students were really motivated and understood the whole concept of planting trees. The event came to an end after NSS unit volunteered in planting more than 50 trees in the college campus.

## SEMINAR ON SUSTAINABLE ED

September 7, 2022

The Economics Department of our college organized a SEMINAR on Sustainable Economic Development and Market Failure. The event delved into the intricacies of achieving sustainable growth while addressing market failures.

Expert speakers highlighted strategies to balance economic progress with environmental and social considerations.

Participants gained insights into mitigating market inefficiencies for a more equitable and ecologically responsible economy.

## MIYAWAKI PLANTATION

September 30, 2022

**T**he NSS Unit of SSNC-DU achieved a remarkable milestone by becoming the first NSS unit in Delhi University to execute a plantation drive using the "MIYAWAKI METHOD". This innovative approach, designed to accelerate forest growth in urban areas, saw the successful planting of over 30 samplings on September 30, 2022. The Miyawaki Method, renowned for its ability to create dense and biodiverse forests in a short span, was meticulously implemented by the NSS volunteers. The event not only demonstrated the NSS unit's commitment to environmental conservation but also showcased their determination to adopt progressive methods in sustainability. The dedication and initiative displayed by the NSS Unit of SSNC-DU set an inspiring example for other institutions and reaffirms the importance of innovative

## CLEANLINESS DRIVE

October 7, 2022

Within the framework of the Clean India 2.0 initiative, the NSS unit of SSNC-DU has organized a series of collaborative events with NYKS North Delhi. Notably, a CLEANLINESS DRIVE was conducted wherein volunteers actively participated in the collection and proper disposal of waste materials to designated municipal facilities. Following the successful cleanliness drive, a rally was organised in Alipur with the primary objective of raising awareness about the Clean India and Swachh Bharat campaigns. This concerted effort shows the unit's commitment to fostering cleanliness and promoting a hygienic environment in the community.

## CLEANLINESS DRIVE WITH MOYAS

October 19, 2022

SSNC, DU

In a step towards advancing the Swachh Bharat initiative, the Ministry of Youth Affairs and Sports orchestrated a monumental CLEANLINESS DRIVE on October 19, 2022, at Chandni Chowk. Prior to the commencement of this impactful event, Minister Mr. Anurag Thakur addressed the assembled gathering, highlighting the paramount importance of cleanliness. His discourse encompassed insightful perspectives on the Swachh Bharat campaign and emphasized the pivotal role that the youth play in fostering a cleaner and more hygienic environment. The event was inaugurated with Minister Anurag Thakur taking the lead, signalling the commencement of the cleanliness drive. Notably, he himself actively participated alongside the volunteers in this endeavour. The NSS Unit of SSNC-DU was notably involved in the event, with its volunteers zealously engaging in a rigorous cleanliness drive across Chandni Chowk in Delhi. Each volunteer took a personal pledge to champion the cause of a cleaner environment, underscoring their commitment to upholding the principles of hygiene and cleanliness.
