## Address to Students by the Principal Swami Shraddhanand College

Dear Students,

I extend a very warm welcome to all of you to the new semester at Swami Shraddhanand College. As we step into another phase of academic pursuit, I hope each one of you is filled with renewed energy, curiosity, and determination to make the most of the opportunities that lie ahead. A new semester is not just a continuation of your studies; it is a fresh beginning to set goals, builds skills, and grows as responsible individuals.

I strongly encourage you to attend your classes regularly and engage actively in the teaching-learning process. Classroom learning provides the foundation for academic excellence, critical thinking, and intellectual discipline. Make effective use of the guidance of your teachers, library resources, laboratories, and digital facilities available on campus. Consistent effort and sincere dedication will surely lead you to success.

At the same time, education is not limited to textbooks alone. I urge you to participate enthusiastically in sports, cultural activities, seminars, workshops, and other educational endeavours organized by the college. Such activities help in developing teamwork, leadership qualities, confidence, and a balanced personality. A healthy body and a creative mind are essential for overall development.

Our college believes in maintaining an open and supportive academic environment. You are always welcome to share your suggestions, concerns, or complaints. Feel free to approach the Principal's office, the Examination Branch, or the Administrative Officer for any academic, examination-related, or administrative matters. Your feedback is valuable and helps us improve our systems and services for the benefit of all students.

As we begin this new semester, I also take this opportunity to convey my heartfelt wishes to you and your families for a very Happy, Prosperous, and Successful New Year 2026. May this year bring you good health, happiness, and remarkable achievements in your academic and personal life.

I wish you all the very best for the semester ahead. Work hard, stay disciplined, and make your time at Swami Shraddhanand College truly meaningful.

Thanking you,  
(Prof. Parveen Garg)  
Principal
